OUR FUTURE TOWER STREET COMMUNITY CENTER

Wood River Health, the Westerly Education Center and the Town of Westerly have come together with a shared commitment: to create a central hub that elevates the quality of life for the entire community. The Tower Street Community Center is a bold, innovative model for regional development. It brings health services, education, family resources and community engagement together under one roof.

This collaboration reflects our unified vision: a thriving community where residents of all ages have easy access to the essential services, opportunities and support systems they need to succeed. By aligning our strengths and investing in a single, dynamic space, we are building a foundation for lasting, measurable impact that will benefit Westerly and the surrounding region for generations to come.

- 1. Improving Health Outcomes
- 2. Enhancing Educational Opportunities
